

Personal support following a complex cancer diagnosis

Effective treatment of advanced cancers can be complicated, involving multiple health care providers and procedures over an extended period of time.

Cancer Resource Services (CRS), provided through your benefits plan, can help coordinate all aspects of your care, so you can focus on your health and achieve the best outcome possible.

Participants in this program are assigned a personal case manager who will treat you as a person, not a condition. Our case managers are registered nurses with experience in cancer care and will serve as your advocate through the conclusion of your treatment.

This includes:

- Taking time to guide you through the complexities of cancer care and your treatment options
- Helping you manage your symptoms and common side effects from chemotherapy and other medications
- Working directly with your benefits plan to determine whether certain procedures or clinical trials will be covered
- Providing assistance in accessing care through an Optum Cancer Centers of Excellence (COE) facility
- Making sure you and your family have the support network you need on your road to recovery

Connect with UMR CARE

If you plan to seek services from Roswell in New York or Huntsman in Utah, you must enroll with UMR CARE. If you are not accessing one of these facilities, we still encourage you to contact the UMR CARE team to help connect you with the appropriate care for your situation.

Please call the number on the back of your health plan ID card to reach UMR CARE.
